Evaluation Scheme V

Comments of exhibitors.

Try to do as former, new formula waste 1 full day. Number of exhibitors is less than 2015 because of the price of the booths.

The show was 3 days first day was a so called vip day it was a lost day.

The show wasn't good – there is a lot of room for improvement or better, cancelling the one in 2019 maybe an option.

The extra event might have been a fresh idea but it didn't do us much good. A waste of time & money. I rather see the VIV prices go down.

Not a similar international alternative available.

Unfortunately this exhibition will probably disappear, very poor number of visitors and the exhibitors area was reduced comparing to two years ago.

The number of visitors was very poor. The price for a m² is too high.

Very short exhibition – at least effectifly only 1,5 days, but costs for 3 days.

Agrofarm Russia Exhibition could be better.

Better poultry show : Agroprod mash, MVC.

Positive is that there were more visitors from 'surrounding' CIS countries; Russian visitors was again dissapointing. the new formula was not a success; building up a boot for 1.5 days is expensive.

The second important Poultry exhibition in Moscow is AGRO FARM in February.

I didn't like the fact that we lost one of three days only because VIP invitations which cost 120€. It's not reasonable, we could have one day for the discussion with important clients but surely should be the last day of the exhibition and not the first and absolutely should be free of charge.

We were participating with our local distributor. In general it was a bit better than last time from what I understood. However if there will be no next VIV Russia they will not regret.

The first day, VIP day was visited very poorly.
